Ordinary text: Alpha 35; Beta 12. Units: samples.

No significance or additional conclusions are supplied.

Left column paragraph 1: value 35

Left column paragraph 2: value 35

Left column paragraph 3: value 35

Left column paragraph 4: value 35

Left column paragraph 5: value 35

Left column paragraph 6: value 35

Left column paragraph 7: value 35

Left column paragraph 8: value 35

Left column paragraph 9: value 35

Left column paragraph 10: value 35

Left column paragraph 11: value 35

Left column paragraph 12: value 35

Right column paragraph 1: value 12

Right column paragraph 2: value 12

Right column paragraph 3: value 12

Right column paragraph 4: value 12

Right column paragraph 5: value 12

Right column paragraph 6: value 12

Right column paragraph 7: value 12

Right column paragraph 8: value 12

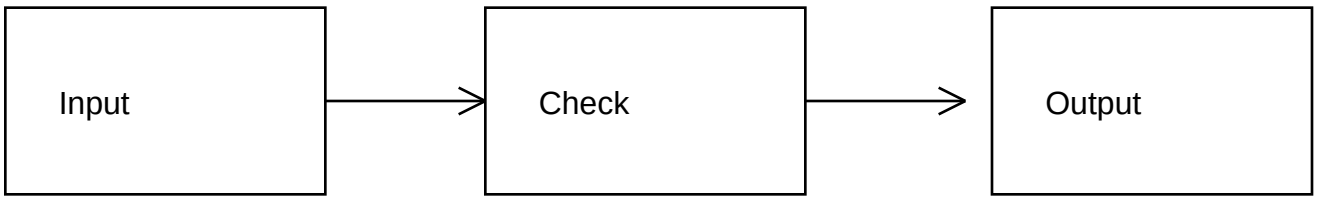
Right column paragraph 9: value 12

Right column paragraph 10: value 12

Right column paragraph 11: value 12

Right column paragraph 12: value 12

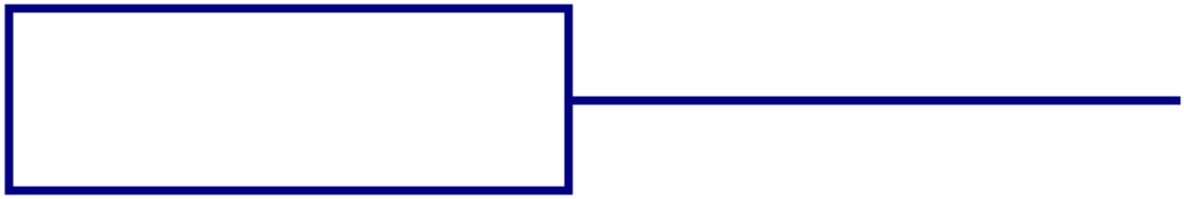
VECTOR FIGURE: Input -> Check -> Output

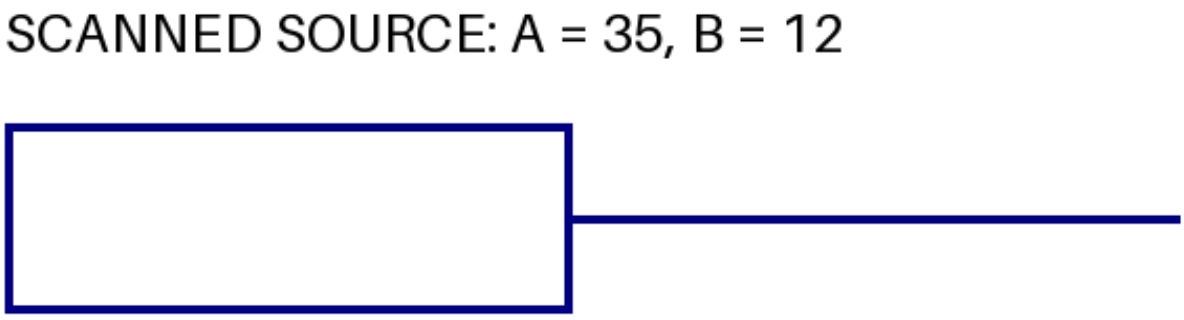


Complex table: merged group header, exact saved values

Merged header: observations (original values, samples)		
Group	Measure A	Measure B
Control	35	12
Treatment	21	9

SCANNED SOURCE: A = 35, B = 12





Mixed page: text layer above scanned diagram
